About Workshop

Who can attend:
PG students

Organizing Committee
Ms. Sushma Gandhi
Ms. Sunita Bhargava
Dr. Pushpa Garg
Dr. Seema Gupta
Ms. Alpana Gupta

The prime objective of the workshop is to nurture the research skills of the participants. The workshop is designed to impart extensive training, under the guidance of renowned resource persons, on both quantitative and qualitative research methodology. Some of the important topics of the workshop are: Quantitative Research Methodology (Steps involved in quantitative research, research problem formulation, sampling technique, tools of data collection, testing of hypotheses, parametric and non-parametric tests, measurement of correlation and regression, ANOVA, etc.) and Qualitative Research Methodology (History of qualitative research, qualitative research design, content analysis, discourse analysis, focus group discussions, case study method, textual data analysis, etc.)

After attending this workshop, you should be able to

1. Understand the need for statistical tools in research
2. Identify different scales and variables in research
3. Enter the data in standard research format
4. Explore the types of analysis required
5. Perform statistical analysis on any data set
